ENVIRONMENTAL REVIEW

**University House Rehabilitation Project**

The Public Review Period for the Draft Environmental Impact Report began on January 28th and extends through March 31st, 2011. The EIR Public Hearing is scheduled for February 24th, 2011 at 6.00 pm at the University Faculty Club Conference Room (please contact Darlene Newell at (858) 534-6515 for information and directions).

University House is located in La Jolla Farms and serves as both the Chancellor’s official residence and as an important venue for campus and community meetings and social events. This project will rehabilitate the existing 11,400 gross square feet University House to correct facility and code deficiencies so that it may once again serve its important dual function. Necessary upgrades will be performed while maintaining the historic structure and respecting the archaeological and cultural values of the site.

Information on the EIR Public Hearing and the Draft EIR will be available on the Community Planning website at [http://commplan.ucsd.edu](http://commplan.ucsd.edu)

**PROJECTS**

Location of instructional and research facilities, as well as necessary campus support facilities, such as housing and parking, is directed by UCSD’s Long Range Development Plan (LRDP), which is prepared in response to campus enrollment and population projections. Available on the Community Planning website at [http://commplan.ucsd.edu/UCSDprojects.htm](http://commplan.ucsd.edu/UCSDprojects.htm) is the Capital Improvements Status Map which is an interactive map where each project link leads to a detailed project information sheet.

**The Village at Torrey Pines East**, known to some as North Campus Housing Phase 2 is nearing completion and is anticipated to open this Spring. With 806 beds, this project will provide housing for upper-division undergraduate students in apartment units. Each apartment comprises a living-dining-kitchen area, shared bathrooms, and a storage area. The project also includes common spaces such as dining, vending, laundry, mail areas and administrative offices. The project enhances the student opportunity to participate in the academic and extracurricular life of the campus.

Other housing projects slated for completion later this year include Revelle College Apartments - 510 beds and Muir College Apartments - 275 beds. All three of these projects will add a combined total of 1591 on-campus beds. Upon completion, UCSD will house approximately 45 percent (13,170) of its students on campus.

**UPCOMING PROJECTS — LOOKING AHEAD TO 2011**

**Central Research Services Facility** — construction anticipated in Fall 2011.

**Clinical and Translational Research Institute** — environmental review anticipated in Spring 2011

**Mesom Laboratory Building** — Coastal Commission review anticipated in April 2011 and construction planned to start Summer 2011.

**SIO Research Support Facility** — begin planning/design in Spring 2011.
**NEWS**

**UCSD COMMUNITY PLANNING NEWSLETTER AND WEBSITE INFORMATION**

The Fall 2010 issue of the newsletter [http://commplan.ucsd.edu/PDF/Newsletter/Fall%202010%20Newsletter.pdf](http://commplan.ucsd.edu/PDF/Newsletter/Fall%202010%20Newsletter.pdf) with a focus on UC San Diego’s 50th celebration and activities, together with project information sheets and an interactive map of campus projects is available on the UCSD Community Planning website [http://commplan.ucsd.edu](http://commplan.ucsd.edu). Visit the website to learn more about campus development with accompanying information on specific projects.

---

As part of the 50th Anniversary celebrations join us for a week of events highlighting the exciting innovation emerging from UC San Diego. Innovation Day Expo and Symposiums (IDEaS) will feature a dynamic series of talks, live demonstrations, hands-on exhibits and the opportunity to engage and network with the innovators themselves.

**SYMPOSIA: FEB. 22–24**

This stimulating discussion series features Nobel laureates, noted alumni explorer Maurizio Seracini, a panel of respected medical experts and cultural innovators working to ensure social justice.

**INNOVATION DAY EXPO: FEB. 25**

Meet face-to-face with some of the world’s most prominent leaders, scientists and researchers.

Listen to keynote speaker UC San Diego alumnus Kip Fulbeck, ’88, MFA ’92, the world’s premier artist exploring multiracial identity. Using his own multiracial background as a springboard, Fulbeck inspires audiences to honestly consider “Who am I?” Then explore live demonstrations, hands-on exhibits and opportunities to network with today’s leading innovators.

3 p.m.—Keynote address: “Who Are You? The Changing Face of America”
4-7 p.m.—Expo

To attend the Innovation Day Expo and keynote address, you must register at the UCSD Box Office. For additional information visit [http://50th.ucsd.edu/events/ideas.php](http://50th.ucsd.edu/events/ideas.php)
