PROJECTS

Location of instructional and research facilities, as well as necessary campus support facilities, such as housing and parking, is directed by UC San Diego’s Long Range Development Plan (LRDP), which is prepared in response to campus enrollment and population projections. Available on the Physical and Community Planning website at http://physicalplanning.ucsd.edu/projects/index.html is the Capital Improvements Status Map which is an interactive map where major campus projects are identified by location and are linked to detailed project information sheets.

RECENTLY COMPLETED PROJECTS

University House
The University House rehabilitation project has been completed. University House is located in La Jolla Farms and serves as both the Chancellor’s official residence and as an important venue for campus and community meetings and social events. This project rehabilitated the existing 11,400 gross square feet University House and corrected facility and code deficiencies along with seismic, utility and other site improvements, respecting the historic, archaeological and cultural values of the house and site.

Health Sciences Biomedical Research Facility II
This project has reached completion. Located in the School of Medicine Neighborhood this project provides 196,000 gross square feet of research and support space for Health Sciences needed to advance major interdisciplinary programs, including Medical Genomics. In addition it provides research space for new faculty in Pediatrics, Neurosciences, Reproductive Medicine and Surgery.

ENVIRONMENTAL REVIEW

Center for Novel Therapeutics
The Center for Novel Therapeutics (CNT) is a proposed facility that will promote creation of new and innovative therapeutic treatments through research conducted by UC San Diego investigators and private sector collaborators in shared space. BioMed is leading the development team; Perkins + Willis the building architect and McCarthy will be the contractor for the project. The project proposes the construction of a 120,000 gsf, 3-story building within the 30 acre Science Research Park (SRP) on the UC San Diego East Campus. A combination of 550 below grade and surface parking spaces would be provided. The program would include laboratories, bioengineering core facilities, clinical and research support spaces, vivarium, lecture hall, and offices. The project is anticipated to achieve Leadership in Energy Efficiency Design (LEED) Platinum rating from the U.S. Green Building Council.

It is anticipated that an Environmental Impact Report (EIR) will be prepared for the project, and a Notice of Preparation (NOP) of the EIR will be distributed for a 30-day scoping period this spring 2014. The project is consistent with the 2004 Long Range Development Plan (LRDP) and will be tiered from the LRDP’s Program EIR. Once available the NOP will also be available at http://physicalplanning.ucsd.edu/environmental/pub_notice.html

NEWS

UCSD Community Planning Newsletter and Website Information
The newsletter, together with project information sheets and an interactive map of campus projects is available on the UCSD Physical and Community Planning website at http://physicalplanning.ucsd.edu Visit the website to learn more about campus development with accompanying information on specific projects.
Students in grades 6-11 and their families will learn how to plan for, get into and pay for college.

UC San Diego is offering “College Prep For Future Tritons,” a free event on campus for middle and high school students and their families to learn how to plan for, get into and pay for college. Emphasizing that it’s never too early to think about college, the Saturday, April 5 event offers information about the college prep necessary so that qualified students who want to go to college can, regardless of income or ethnicity.

“It is our responsibility as a public university to provide educational opportunity for all qualified students,” said UC San Diego Chancellor Pradeep K. Khosla. “We are pleased to offer these college prep sessions to help students and their families better understand and navigate the pathway to higher education.”

“Planning for college can be a daunting and confusing process for many families,” said Cynthia Davalos, special assistant to the vice chancellor of Student Affairs. “Attendees at the college planning session will learn about preparing for UC San Diego, a premier research university with a worldwide reputation conveniently located here in our region. The information is also transferable to other UCs and four-year universities.”

The event will take place April 5 from 11 a.m. to 12:30 p.m. in the UC San Diego Ida and Cecil Green Faculty Club. For those interested in learning about how to get into college, this information session will cover application timelines, college requirements, tests and how to apply for financial aid.

Seating is limited. Call (858) 534-6862 or email ccr@ucsd.edu to reserve a spot and indicate if you need special services, assistance or accommodations. Ample free parking will be available and free shuttles will be provided from designated parking areas to the center of campus.

The College Prep for Future Tritons session is held on the same day as the campus’s annual Triton Day, which offers admitted students and their families an enhanced opportunity to discover UC San Diego. While on campus, college planning session attendees are also invited to enjoy:

- **College Prep Information Booth**, 9:30 a.m. to 2:30 p.m.—Handouts, guidance and more. UC San Diego Town Square
- **Campus Tours**, 10:00 a.m. to 3:30 p.m.—(Every 30 minutes; last tour departs at 3 p.m.) Learn more about UC San Diego’s incredible campus. Depart from Rupertus Way, across from Center Hall.
- **Entertainment and Events**, 9:30 a.m. to 2:30 p.m.—Enjoy live music, dancing, singing and demonstrations. Throughout campus.
- **Thurgood Marshall College’s 36th Annual Cultural Celebration**, 10 a.m. to 4 p.m.—Experience the cultural diversity of UC San Diego at Thurgood Marshall College. The festival will feature music, dance, games and a children’s village with face painting, cotton candy, a henna workshop, scavenger hunt and world-art trivia. Thurgood Marshall College.
