PROJECT LOCATION
West Campus Neighborhood

PROJECT DESCRIPTION
The proposed project comprises primarily an indoor renovation that expands a section of the Faculty Club’s outdoor patio area. The Faculty Club is near the Grove and the Stuart Art Collection pieces, but the project would remain outside of the boundaries and spheres of influence for each. A new garden sitting area near a building trellis would help activate the area.

Within the outdoor patio area, a teak or IPE deck would be installed around an outdoor pizza oven and bar area, with some existing brick walls to remain. The overall feel of the area would be more open, feature views to the Sun God, and allow for more space for private parties and happy hours.

PROJECT PURPOSE
Enhancements to the look and feel of the Faculty Club, creating a more open and welcoming space.

FUND SOURCE
Faculty Club funds
