PROJECT LOCATION
East Campus Health Sciences Neighborhood

PROJECT DESCRIPTION
The UC San Diego Health System proposes to develop an approximately 140,000 gross square feet (GSF) facility, namely the Outpatient Pavilion on a 3.5 acre project site which would consolidate and centralize several outpatient surgical services and integrate them with diagnostics and physical therapy to support all elements of patient care within the East Campus Health Sciences Neighborhood. Specific program uses include Ambulatory Surgery, Outpatient Imaging, Physical Therapy, and disease specific clinics that focus on Pain, Urology, Musculoskeletal Care, Breast Care and Infusion.

PROJECT PURPOSE
The proposed facility is planned to improve productivity, promote multi-disciplinary collaboration, enhance patient convenience, and grow market share by developing disease-specific centers.

PROJECT COST
$120 million

FUND SOURCE
UC San Diego Medical Center funds
